

# Partnership for a Healthy Community Board Meeting

October 28, 2021  
1:00pm-2:30pm  
Teams

## AGENDA

1. **Approve 09/23/2021 meeting minutes (Action) (Pages 2-4)**
2. **Committee Updates**
  - a. Mental Health & Substance Use **(Page 5)**
  - b. HEAL
  - c. Cancer
  - d. Data Team **(Page 6)**
3. **Board Business**
  - a. New Board Member (Action) – *Monica Hendrickson*
  - b. Website/Social Media-Analytics and Reach (Discussion) – *Amy Fox*
  - c. Housing Update (Information) – *Kate Green (Page 7)*
  - d. MAPP Application, ILYS, CHNA Update (Information)
  - e. MAPP Steering Committee (Discussion)
  - f. PFHC News Release Logo (Information) **(Page 8)**
  - g. 2022 Annual Report Timeline (Discussion) – *Amy Fox*
4. **Member Announcements**

**Next Meeting:**  
Thursday, November 18, 2021  
1:00pm-2:30pm  
Teams

## Partnership for a Healthy Community Board Meeting Minutes September 23, 2021

### Members Present via Microsoft Teams:

Monica Hendrickson	Chris Setti
Larry Weinzimmer	Holly Bill
Amy Fox	Kate Green
Beth Crider	Joel Shoemaker
Jennifer Zammuto	Hillary Aggertt
Adam Sturdavant	Kaitlyn Streitmatter
Amelia Boyd	Sally Gambacorta

### Others Present:

Amanda Smith	Amy Roberts
Tom Cox	Sarah Donohue

### Approval of 08/26/2021 Meeting Minutes

Mr. Weinzimmer made a motion to approve the meeting minutes from the August 26, 2021 meeting. Motion was seconded by Mr. Setti. Motion carried (10,0).

**Ms. Aggertt, Ms. Boyd, Ms. Gambacorta, and Dr. Sturdavant joined the meeting at 1:02 pm.**

### Healthcare Collaborative Presentation by Sarah Donohue

Sarah Donohue presented the data collected from the focus groups from the Healthcare Collaborative. The data presented covered a total of 78 participants all in the 61603, 61604, and 61605 zip codes. Ms. Donohue stated she can share the presentation and data with the Board. There was conversation around how COVID has those who are renting.

### Board Business

#### Home for All CoC Presentation

Ms. Green presented on the Continuum of Care model and Home for All. The presentation was available to view in the revised packet.

#### MAPP Steering Committee

Ms. Hendrickson noted that the MAPP Executive Summary was shared at the last PFHC Board meeting. This MAPP Steering Committee will be charged with making sure they are on track and with the needs assessment, pulling in data, looking at all of the data sources, at all angles. Ms. Hendrickson suggested that the MAPP Steering Committee be comprised of Mr. Setti for economic development, Ms. Crider because of education, Ms. Green because of Continuum of Care, Ms. Streitmatter for the extension, and Ms. Bill. This will require a lot of focused meetings in February-March. Because of those professional backgrounds, this will help to ensure that the needs assessment is comprehensive and has the lens around the social determinants of health. The middle group is the Data Team, Amanda Smith and Mr. Weinzimmer, but will also include the three Epidemiologists from the Health Departments. Ms. Fox added that they agreed that every other cycle there would be a deep dive, which would be this cycle. This will help add to the mission of the Partnership. Ms. Fox also added that NACCHO would also be going through a process with RFPs this

fall, that application will be due in mid-October and be potentially awarded \$10,000 for the community to conduct surveys. The Steering Committee would be responsible for that process. The Board was in agreement with moving forward and the nominations listed by Ms. Hendrickson.

#### CHNA Collection Update

Mr. Weinzimmer stated that they crossed the 600<sup>th</sup> response threshold this morning, which is good for only being three weeks in. Ms. Hendrickson reminded the Board to share the survey in all of their avenues. She also stated that for Peoria county, they haven't gotten as many responses in the western part of the county.

#### Committee Updates

##### Cancer

Tom Cox gave an update for the Cancer Priority Action Team, including reviewing their objectives. Mr. Cox reviewed their progress report dashboard. A big portion of their conversations revolve around how to get the community re-engaged in cancer screenings. The numbers are not quite back up to where they were pre-COVID and there are still zip codes that aren't getting enough screenings done. They are working on educating the public and getting screenings done in a timely manner. Grant contracts are out for 2022 Tobacco Free Communities, they are looking at online trainings for radon, articles in Healthy Cells, social media events, SFMC rolled out a care gap message to alert PCP when a person meets criteria for low does CT lung screening (have seen an increase of about 20% of screenings), and IL tobacco free community billboards are up. The team is working to continue education and promotion and SFMC will be hiring a community health worker based at the Wraparound Center. There is a free cancer screening day with OSF on October 19 and UPH is doing a free mammography day on October 15<sup>th</sup>. Mr. Cox did note that the team has great attendance at meetings, but not a of engagement due to virtual meetings and they are not comfortable with the website and prefer group emails. They could also use more Radon resources.

##### Mental Health & Substance Use

Ms. Bill stated that the large group hasn't met, and the next meeting is a next Monday. The Steering Committee did meet, as they are still meeting monthly. This helps keep an eye on the data and going in the right direction. The teams are still meeting in between and are doing the heavy lifting. Ms. Bill stated they could use more members; the meeting dates and agendas/minutes are on the website. The November meeting was supposed to be in person, but will now be virtual, hoping to meet in person in the Spring.

##### HEAL

Ms. Streitmatter had to leave the meeting early, Ms. Fox gave an update in her place. This was Hunger Action month, so a lot of work has been done around that, including fresh food drives. They are strategizing how to get the farmers market coupons out for WIC, as they came late this year. They are working to build a network for those interested in physical activity. Ms. Fox agreed that some of the work is harder to do virtual and will try to do things more in person.

##### Data Committee

Amanda Smith stated they had a meeting in August and the survey was launched. They are continuing to work on finding objective data for childhood obesity and have connected with someone from OSF to pull that data from the last year. They are hoping to connect with someone from UPH to pull the same data. They are looking at gathering information on social determinants of health and food insecurity data. The team is looking to gather data on those that are at a high risk

of suicide and working with the ERs. Ms. Smith will be helping to enter hard copies of data that Mr. Weinzimmer has gathered.

**Member Announcements**

Ms. Hendrickson stated there is no Board liaison for the Cancer Action Team. Tom Cox is one of the Team Leads but cannot make this meeting every time. Because the other three priority areas are better represented, the Board feels connected and have better feedback for those three verses the Cancer team. Ms. Bill informed the Board that the Board liaison would attend one monthly meeting, filling out the progress report dashboard, and information sharing. Ms. Aggertt stated that Cancer meets on the second Thursday of the month from 8:00 to 9:30am. If no one on the Board volunteers, Ms. Hendrickson will reach out to one of the action team members to invite them to the Board. Ms. Smith suggested Diana Hahn to invite to the Partnership Board.

Ms. Hendrickson noted that there are three more meetings for the rest of this year for the Partnership Board and there will be some heavy lifting in terms of reviewing: updating bylaws and it's a cycle change. Ms. Hendrickson and Ms. Fuller will be stepping off as Co-Chairs. The next Administrator will move to Ms. Fox and they will be looking to have a new Co-Chair. After Mr. Heth left the Board, the Vice Chair position was not filled. Nominations will take place in October, vote in November, and transition into the new positions in December.

**Next Meeting: Thursday, October 28, 2021**

**1:00-2:30**

**Teams**

# PRIORITY ACTION TEAM PROGRESS REPORT: (MH/SU Committees)

<b>Priority Area</b>	MH/SU Committees
<b>Chair or Co-Chair</b>	Holly Bill, Tim Bromley
<b>Description</b>	
Mental Health and Substance Use Committees continue to meet as one committee currently.	
<b>Recap of Current Month</b>	
<p>Priority Strategy Action Teams are continuing to work and show progress. The schedule has been revised to allow Action Teams to meet more often, with the larger committee meeting every other month now instead. The committee will continue to meet virtually with tentative two in-person meetings at PCCHD twice each year depending on the COVID-19 concerns; this was decided on by committee vote.</p> <p>Please consider joining the larger meetings or Action Teams if you are interested. The schedule has been posted online.</p> <p><b>Next Meeting: Monday, November 29 @ 9:00 am – Microsoft Teams</b></p>	
<b>Plan for Upcoming Month</b>	
There is no October meeting for the larger committee, but all Action Teams are meeting. Please reach out if you would like more information about these meetings.	

<b>Goals</b>	Goals: Reduce substance use to protect the health, safety, and quality of life for tri-county residents; Improve mental health among tri-county residents through preventive strategies and increased access to services	
<b>Objectives:</b> Please refer to data dashboards		
<b>Activities</b>		
<b>What? (C= Completed, NP= In progress, NS= Not started)</b>		
<b>Create list of suicide prevention resources (both prevention and intervention) and put them on the website.</b>		<b>NS</b>
<b>Barrier to Everfi virtual substance use education-contract dropped by UPH, picked up by OSF; need to continue to collect this data</b>		<b>Monitor</b>
<b>Determine “award” name for schools who become ‘trauma-responsive’</b>		<b>IP</b>
<b>Update website to include trauma-informed trainings</b>		<b>NS</b>
<b>Reach out to Narcan group to have them present data to the MH/SU teams.</b>		<b>NS</b>
<b>Issues/challenges</b>		
The strategy committees (suicide, trauma-informed schools, high utilizers, Mental Health First Aid, mass media campaigns for teens, Narcan, etc) just need more help; small committees taking on a lot of work. If you are able to assist in any of the strategy committees or any of the above to-dos, please let co-chairs know so they can connect you with the appropriate person.		

# PRIORITY ACTION TEAM PROGRESS REPORT: DATA TEAM

<b>Priority Area</b>	Data Team
<b>Chair or Co-Chair</b>	Amanda Smith
<b>Description</b>	
<p>The data team supports the Partnership for a Healthy Community in the development and administration of the Community Health Needs Assessment Survey and provides information and decision support for Priority Action Teams. Additionally, the data team discovers insights, shares knowledge and tracks performance and progress to assist in achieving the goals and objectives identified in the Community Health Improvement Plan.</p>	

<b>Recap of Current Month</b>
<p>Continue to work on objective childhood obesity data          Gather and share SDOH/Food insecurity data          Promote and support survey completion          Gather data and explore trends for population at high-suicide risk.</p>

<b>Plan for Upcoming Month</b>
<p>Adult Obesity review          Review Sharing Impact data</p>

<b>Goal</b>		
<b>Objectives</b>		
<b>What?</b>	<b>By When?</b>	<b>Measure?</b>

<b>Activities</b>	
<b>What? (C= Completed, NP= In progress, NS= Not started)</b>	
Priority team data dashboards	NP
Administer CHNA survey	NP
Data resource guide	NP

<b>Issues/challenges</b>
<p>Guidance/definition of data team's role</p>

### Capital Development Initiative – Permanent Supportive Housing

- Proposed 55-unit Permanent Supportive Housing development to be located at 415 St. Marks Court, Peoria, IL. Conversion of a former 7-story hotel with the following unit configuration:
  - 25 3-bedroom units
  - 10 2-bedroom units
  - 10 1-bedroom units
  - 10 studio unitsCommon amenities include: proposed medical and behavioral health services clinic, supportive services offices, fitness room, computer room, library, resident storage, laundry facilities, and activity room. Current operating child care center on site *may* remain and be available to residents.
- Target Population – households experiencing homelessness with a disabling condition(s) placed on the Home For All CoC' Coordinated Entry System Master Wait List.
  - Must meet the HUD and/or IHDA definition of homelessness.
  - **Creates opportunity for the CoC to end family homelessness.**
  - Consideration being given to set-aside units for medically-fragile population in non-congregate shelter and/or interim housing – will depend on funding eligibility
- Capital funding Phase I application approved by the Illinois Housing Development Authority = \$15+ million
  - Equity match between 10% - 20% for competitive point scoring
- Operating subsidy being requested from multiple sources, including, but not limited to: Home For All Continuum of Care, Peoria Housing Authority, IHDA's Long Term Operating Support (LTOS), and HUD Section 811 funding
- Supportive Services funding will come from on-site collaborative partnerships and Phoenix CDS' Medicaid reimbursement and other grants
