

Partnership for a Healthy Community Board Meeting Minutes June 25, 2020

Members Present via Conference Phone:

Beth Crider	Tricia Larson
Amy Fox	Ann Campen
Brent Baker	Joel Shoemaker
Lisa Fuller	Sally Gambacorta
Tim Heth	Larry Weinzimmer
Jennifer Zammuto	Adam Sturdavant
Monica Hendrickson	Hillary Aggertt

Others Present: Amy Roberts, PCCHD Administrative Assistant
Amanda Smith, OSF

Meeting was called to order at 1:00 pm by Ms. Hendrickson

Approval of 05/28/2020 Meeting Minutes

Ms. Fox made a motion to approve the minutes from the May 28, 2020 meeting. Motion was seconded by Mr. Weinzimmer. Motion carried (13,0).

Board Business

Marketing

Ms. Zammuto stated a meeting was held about ten days ago with the Communication and Marketing leads at the hospitals and health departments. Those leads are to give the name of who is to be assigned to the marketing team by June 30th. Once the names have been received, they can start meeting and setting up parameters.

Conduit/Impact Peoria Update

Ms. Fuller was not able to speak during the meeting and we could not hear Ms. Smith – so they were able to type their updates in the comments. Ms. Fuller stated there is no plan yet with Conduit, but she keeps pushing for more information.

Committee Updates

Mental Health & Substance Use

Ms. Hendrickson stated that the Steering Committee met on Monday and there has been a lot of response around mental health and substance use because of COVID. At the next meeting, the group will try to collect that dialog and move forward and build off of the momentum of self-care and wellness in the community as we transition into the next phase. Also, how the action team will be planning for the social/emotional aspect of going back to school. Jolt reported a lot of overdoses over the stay at home order and there is a need for checking on your neighbors and mental health first aid training is a great resource. Still asking agencies to submit Narcan data to the Narcan Advisory Group, because not all the users are utilizing the state system yet.

HEAL

Mr. Eberle was not present at this meeting, but was going to have Ms. Smith give an update, however we could not hear Ms. Smith very well. Ms. Fox gave an update stating they had a

committee call to work on youth activities, adult activities, and food insecurity. There are chairs for each of those assigned, but most of the work has been in the food insecurity area. The food pantry network has continued to be involved over the summer. They are helping to coordinate mobile pantries: one in Pekin in June and one in July in Creve Coeur. The first one was coordinated with Peoria Area Food Bank and Prairie Farms. The second one is through Midwest Food Bank. There is discussion about how to get Woodford connected with the Bloomington food banks. There seems to be an abundance of food coming into the emergency food center. Ms. Crider is looking for food pantries in Peoria, will email Ms. Fox for resources.

Ms. Larson joined the meeting at 1:19 pm.

Cancer

Mr. Heth stated the action team met virtually earlier in June. All the teams want to know if there is anything the Partnership Board and health departments can do to help to communicate to the community.

Breast: There are concerns in regarding to COVID, like engaging women that have not gotten any regular screening done or have not had a regular mammogram. Imaging providers that are in the community are working month by month to see when they could get there- the volumes are still down for what they expected budget wise.

Colorectal: There was discussion around creating a sub-committee where they could meet in between the Cancer Action Team meetings. The group seemed to agree as long as the information would still be passed along to the Cancer Action Team meetings. Other agencies are reporting they are way behind with colonoscopy screenings, with what had been scheduled, they are still working to get patients back in.

Lung: Reporting on radon, there was a radon project video competition with area schools that was completed statewide. Metamora got 3rd place and Washington won for most views. Tazewell had created a Facebook post for radon testing while sheltering at home. Tobacco free communities has a \$200,000 grant that is for July 2020 through June 2021 that they'll be writing, which is a tri-county grant.

Member Announcements

Ms. Fox asked Ms. Hendrickson if there were any updates on the Edwards application. Ms. Hendrickson stated that we do not, as they are still under furloughs and transitioning. Dr. McKnight has been reaching out to them about ever three weeks. Ms. Hendrickson stated once the grant budget has been revised, they can go from there.

Ms. Gambacorta stated that her email and agency will be changing effective July 1st. An email was sent to Ms. Roberts to push out to the Board with the information.

Ms. Crider stated that there is a massive delivery program in place where a team of people meet three times a week and deliver to families that can't come to the food hubs. They also have free little pantries that have been adopted but are getting vandalized. They are trying to figure out how to get the food distributed in the communities from the school system. Ms. Crider stated they also emptied all the concession stands and passed it out when they were delivering kids' meals.

The meeting adjourned at 1:30 pm.

Next Meeting: July 23, 2020 1:00-2:30, TBD
